CopyRobin Rates One-off account 2025

Would you like to place a single order with CopyRobin? That is no problem. You can do so for up to 40 credits. The price per credit is then € 36.50. If you need more credits, a bundle would be a better option for you.

Two factors determine the number of credits (and therefore the price) per text:

1. Length of the text

400, 800, 1200 words, and so on. These are steps of approximately 400 words (about one A4 page). The actual length can be between the lower and upper limits of such a block. So 800 words correspond with a length somewhere between 401 and 800 words.

2. Degree of AI usage

AI-powered:
The writer uses AI to compose the text but manually fact-checks and humanises the text.

AI-assisted:
The writer uses AI as the basis for the text but manually fact-checks and humanises it. Additionally, they pay extra attention to creativity, research (provided) sources, and conduct a brief (about 15-minute) telephone interview.

AI-premium:
The copywriter spends more time on in-depth research, interviews, or writing from their expertise, always supported by intelligent AI.

Other content
For content other than text, you will always receive a quote first, so you know exactly where you stand.
